The Movie Girl Next Door is awesome

The Movie Girl Next Door is awesome xiando

This movie has got it all. Love, romance, humor, and amazingly a rather interesting plot. It is well worth viewing, renting and even buying.

Elisha Cuthbert is amazing in her lead role and the story is above the general standard in the teenage movie genre. The Girl Next Door is rated 6.9/10 on imdb.
A high quality trailer is available from apple.com. Linux users can play it in browsers like Konqueror and Firefox using mplayer and mplayerplug-in.
